

From The Heart Of The Author

I would like to thank you for purchasing The Code Of Life. 80% of the proceeds from each purchase will be given to help fund Chosen H.U.G.S., a group of people devoted to providing service for members of families who need assistance with the care of loved ones. Whether you have someone dear to your heart who requires assistance with daily activities, childcare, or schooling. Chosen H.U.G.S. is here for you. They understand that sometimes needs of this nature can get quite costly. To help curtail such expenses, the families and team members of Chosen H.U.G.S. have used their talents to gain funds. By doing this, they can offer services at a lower cost to those in need. Because Chosen H.U.G.S. relies heavily on the funds received from merchandise sold, such as The Code Of Life, please encourage those in your circle of life to support them by purchasing goods that fund the organization.

Thank you
